Hello:

I would like to introduce myself to you just in case we have not met yet. My name is Ron Clark, and I am an Associate Broker with William E. Wood and Associates REALTORS. I work for sellers as well as buyers throughout the entire Hampton Roads area, bringing a large degree of market knowledge, accountability and availability for my clients. As your "friend in the business", you can relax knowing that you will have someone in your corner protecting your interests and making sure that you will get the absolute best deal possible.

I have strong ties to the Hampton Roads area as I have called it home since 1974, am married to an educator with the Virginia Beach School System and have raised two wonderful kids here who are successful in their own right today. I retired from the Navy after a successful and rewarding career that has spanned 29 years, beginning on the USS Independence and ending after 15 years serving as an air crewman assigned to VR-56.

As I take the responsibility of helping others to buy or sell real estate very seriously, I have sought ways to make myself stand out above my peers. Along with obtaining my Real Estate Broker's license, I am a graduate of the Realtor's Institute as well as a member of the Hampton Roads Realtor's Association. More importantly, I listen to the needs of my clients and work hard to make the sale of their home or the purchase of their next home an enjoyable and stress-free experience. I strive to exceed my clients' expectations on a routine basis. My objective is to **WOW** my clients in the hope that they will think of me the next time they hear of someone in the market to buy or sell real estate.

I am a proud member of the strongest and most widely known real estate company in Hampton Roads and have been practicing real estate for over eight years. To date, I have been involved with over twelve million dollars worth of real estate transactions; however I am looking forward to working on my most important transaction to date—**YOURS**.

I stand ready to receive your call or e-mail so that we can get started.
